

A legacy of winter sports for all.....

Auburn Ski Club Associates, founded in 1964, traces its heritage to 1928 when the original Auburn Ski Club was formed. By 1932 the founders vision and efforts had persuaded the State legislature to open Highway 40 year-round ushering in modern California skiing. The Club's Cisco Ski Grounds boasted the first engineered Ski Jump in the west and was where many Northern Californians first experienced skiing. Always promoting winter sports, ASC staged Ski Jumping exhibitions in 1934 and 1935 on the UC Berkeley campus and on Treasure Island for the 1939 World Exposition.

In 1989, to carry on the founder's vision the Auburn Ski Club Inc. (aka the "old club") created and now operates the ASC Training Center which provides a home for the Auburn Ski Club Associates members and programs. As a separate non-profit the Associates carries on the legacy of encouraging a lifetime of winter sports through team based programs.

You can be a part of this winning legacy by being a donor to the ASC Associate programs. Your support will ensure that present and future generations of young skiers and snowboarders can follow their dreams in the ski tracks of the founding ASC members.

YOUR DONATION WILL PUT ATHLETES ON SNOW!

ASC's youth Nordic programs are a fun way for kids to learn to ski.

How your support will make a difference...

From the beginning skier/snowboarder to the elite level athlete our goal is to put and keep kids and families "on-the-snow" for a lifetime. Our motto, "**Recruit – Retain – Develop**", is a common thread that runs through our programs and honors our ASC legacy. Because the Training Center operation is an in-kind donation to the ASC Associates 100% of your donation will go directly to the programs and athletes. Your financial support will make it possible to keep team dues affordable and enable us to provide scholarships at all levels. It's that simple, your donation will put junior skiers and snowboarders on the snow. We hope you will choose to support our great organization and help Auburn Ski Club Associates athletes follow their dreams and excel in winter sports for a lifetime.

Auburn Ski Club coaches build fundamental skills in our athletes.

The ASC Freestyle team competes in the "new School" disciplines of Slope style and Halfpipe.

ASC's Nordic Development and Competition teams train teenagers to compete at the highest levels.

ASC Snowboard athletes complete regionally and internationally. In 2010 the Snowboard program was named by USSA the number one domestic team in the country.
